

Aura Lengua

Bringing Languages Together

2014-2015 Rate Sheet

A few points to note

- Our rates for translation services are on a “per project” basis and are thus dependent on the requirements of each project. Rates also encompass the source words (for editable texts such as Word documents) or the estimated target words (for non-editable texts such as PDF documents).
- Additional formatting work or supplementary services (such as index or glossary creation) are billed on an hourly basis.
- A minimum fee will be charged for documents containing less than 250 words.
- Special requirements (including 24 hour turnaround, weekend or public holiday delivery) will incur additional fees.
- All fees quoted are exclusive of taxes.
- Invoices will be submitted on completion of the project or as agreed with the Client and are payable within 10 business days of issuance. All late payments will be subject to a 10% per month late charge.

Rates
